

your motor control and protection consultant

dedicated to serving you...

A thriving company in a dynamic industry

who are we? Sprecher + Schuh was originally founded by Carl Sprecher and Heinrich Schuh in Aarau, Switzerland in 1903. Over the years, our experience has given us strong values and wisdom that has been proven over the test of time.

go with us! Not only do we manufacture highly innovative Industrial Motor Controls with a focus on **precision, quality, and durability**, it's our passion for customer service that sets us apart from the competition. Sprecher + Schuh is dedicated to providing our customers with fast, friendly, one-on-one service to cater to all of your needs. From custom projects to superior customer service, our boundaries are limitless.

How do we do it?

We have a highly-trained, dedicated staff of customer service representatives, sales team and manufacturing technicians all working together for you - on what you need, when you need it and just the way you want it. Period!

We at Sprecher + Schuh are **one of a kind**. A small, efficient and customer oriented team. Our experienced engineering team, knowledgeable product managers, customer service and sales representatives are not just here to take your orders, but they are your knowledge base for answering your questions, helping you find the best solutions for you and your customers, and ultimately to make your work day run as smooth as possible.

Our friendly staff is readily available to give you daily one-on-one attention. Where else can you go and speak directly with the engineering and technical team? Who better to answer your questions than those who actually design and make the products? This personal communication and information access is a powerful asset to you. And ultimately your customers!

With so much focus on providing fast, efficient and personal service, innovation and quality is a way of life.

**Listening, understanding and fulfilling your needs.
Sprecher + Schuh, service and you = a winning combination.**

Attention to detail. Whether in craftsmanship or component, it is an element always evident at Sprecher + Schuh.

Sprecher + Schuh offers the smartest and most efficient solutions. We design, build and distribute a full line of precision IEC motor control equipment.

We have everything!

You need it. We have it.

We meet all of your needs with our extensive line of products and custom panels. We provide **top quality, high performing** and **reliable** products proven world over. Our leading edge technology sets us apart from the "other guys".

We have products that range from contactors, overload relays to terminals, towerlights and custom motor control panels that can fit your every need. You don't need another supplier. You need a *better* supplier.

General Purpose and Definite Purpose Contactors

- CA7 Contactor | to 60HP
- CA6 Contactor | to 60 to 600HP
- CA5 Contactor | to 900HP
- CA8 Contactor | to 7.5HP
- CAL7 Contactor Lighting
- CAN7 Contactor NEMA Sized
- CNX Contactor Special Purpose
- CDP Contactor Definite Purpose

Motor Protection by Overload Relays

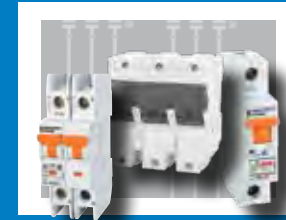

- CEP7 II Solid State Overload Relays
- CT7 Thermal Overload Relays
- CT8 Thermal Overload Relays
- CT7N Thermal Overload Relays
- RT7 Thermistor Protection Relays

Motor Circuit Controllers

- KT7 Self-protected Combo Motor Circuit Controllers
- Enclosed KT7 Motor Circuit Controllers
- Enclosed CX7 Combination Starters
- Explosion proof KT7 Motor Controllers
- KF7 Fuse Holders
- KT4 Manual Motor Starters
- KA7 Bus Bar Systems

ADEL Power Supplies

- 24VDC Power Supplies | 60W to 240HP

Softstarter Intelligent Controllers

- PCS Softstarter Controllers
- PF Softstarter Controllers
- PCEC Elevator Softstarter Controllers
- Enclosed Combo | Non-Combo Softstarter Controllers

Solid State Relays

- SAS Panel Mount Relays
- SAR DIN-Rail Mount Relays

Rotary Cam Switches

- L2 Rotary Cam Switches
- R-Line Rotary Cam Switches
- Custom Cam Switches

Control and Timing Relays

- CS7 Control Relays
- CS8 Control Relays
- RZ7 Electronic Timers
- R2 | R4 Plug-in Power Relays
- R15 Plug-in Power Relays
- RY2 Plug-in Power Relays
- RUC Plug-in Power Relays
- PI84 | PI85 Interface Relays
- PIR6W Slim Terminal Block Interface Relays

Terminals

- V7-W Screw-Type Terminals
- V7 Terminal Marking Systems

Pilot Devices - Series D7

- Non-Illuminated | Illuminated Pushbuttons
- Emergency Stop Operators
- 3-Position Non-Illuminated | Illuminated Operators
- Selector | Toggle Switches
- Multi-Function Pushbuttons
- Selector | Jog Operators
- E-Stop Pushbutton Stations
- D7D Monolithic Pushbuttons
- Pushbutton Enclosures | Enclosed Assemblies

Circuit Protection

- L8 UL-1077 Supplementary Protectors
- L9 UL-489 Miniature Circuit Breakers
- FH8 Fuse Holders

Disconnect Switches

- L7 Motor Disconnect Switches | to 100A
- L7 Enclosed Disconnect Switches | to 100A
- L7 Disconnect Switches | to 315A
- L10 Fusible | Non-Fusible Disconnect Switches
- L10 Enclosed Disconnect Switches

Warning Tower Lights

- SIGNAL50mm Tower Light Components
- SIGNAL50mm Tower Light Complete Assemblies
- SIGNAL30mm Tower Light Complete Assemblies

Superior in Enclosed Products and Custom Panels

Starters and Enclosed Assemblies (UL Type 1, 12, 3R, 4, 4X)

- KWIKstarters II
- Open and Enclosed Magnetic Motor Starters
- Through-the-Door Combination Starters
- Flange "Operated" Combination Starters
- Explosion Proof Starters (Type 7/9)
- Multi-Speed Starters
- Reduced-Voltage Starters
- Simplex Pump Controllers

Custom Built Panels

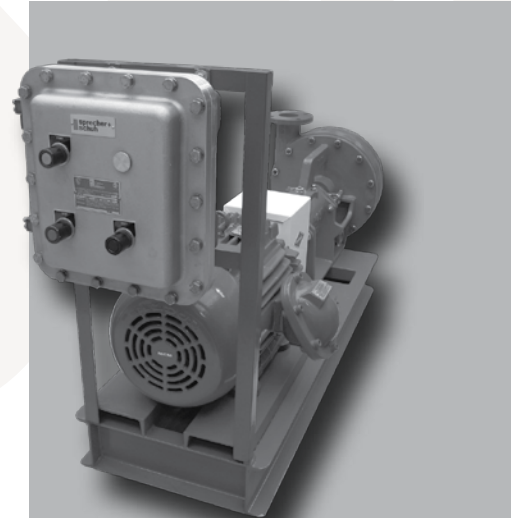

- Custom built to your specifications!
- Multi-Motor Starter Panels
- Combo Starters
- Combo Reduced Voltage Starters
- Multi-Plex Pump Panel
- UL508/CSA Labeled Custom Panels
- ATEX Explosion Proof Combo's

Sprecher + Schuh's customer oriented focus has been a tradition since Carl Sprecher and Henrich Schuh started the business in 1903. This focus spurs innovations as we design and produce state-of-the-art products to meet the customer needs.

More on Custom Control Panels

Sprecher + Schuh is your go to builder for custom motor control panels. Our knowledgeable team can design your panel for custom applications to meet UL/CSA, ATEX and CE standards. Our engineering and custom quotes staff works with the customer one-on-one in designing a motor control panel that best fits the customer's needs. No job is too small or too big for our staff to take on.

Sprecher + Schuh's products are crafted with precision and tested rigorously for performance. Our engineers examine every detail to develop new and innovative products for advanced motor protection.

We continue to develop innovative new products and improve existing designs. We constantly strive to maintain a superior level of service. And through this commitment to service, and never-ending attention to detail, we continue to be the first and last words in motor protection.

dedicated to serving you...
